WORK EXPERIENCE

Software Developer
Halfaker &Associates
11/2020 - Present
Developed /Maintained Applications

- Developed application program interfaces using Java, and freemarker
- Developed the plugin microservice to generated PDF document for veterans health application
- Identified technical strategies for addressing requirements
- Performed code mergers and demonstrated the ability to identify and mitigate risk
- Contributed to an atmosphere of cross-functional teamwork within the organization lifecycle including key interactions with product management and QA requirements

Technology Lead
Infosys
12/2018 - 11/2020
IT Consultancy Firm
Developed /Maintained Applications

- Involved in requirements gathering and requirements analysis and participated in client meetings
- Implemented design pattern Singleton
- Developed the application using core java concepts like collections, OOP concepts, exception handling for developing application modules
- Designed and developed an application using representational state transfer(rest) style architecture
- Developing new functionalities, mostly back-end
- Deployed application to AWS servers and maintained applications that used Restful APIs to load test cases to Q-test

Java Developer
Verizon
06/2014 - 12/2018
Developed Application

- Assist Quality Assurance engineers in issues identification, isolation and remediation issues during formal QA cycles
- Developed tools and application to automate and support applications
- Ensured defects are quickly assessed, mitigated and resolved
- Handling java development including design & troubleshooting of applications, conducting gap analysis including validation of needs in conjunction with onsite and offsite teams
- Efficiently worked within team from scratch to develop company specific software
- Helped in Developing a Java Spring boot application that speed up the data creation and regression baselines to flush out defects
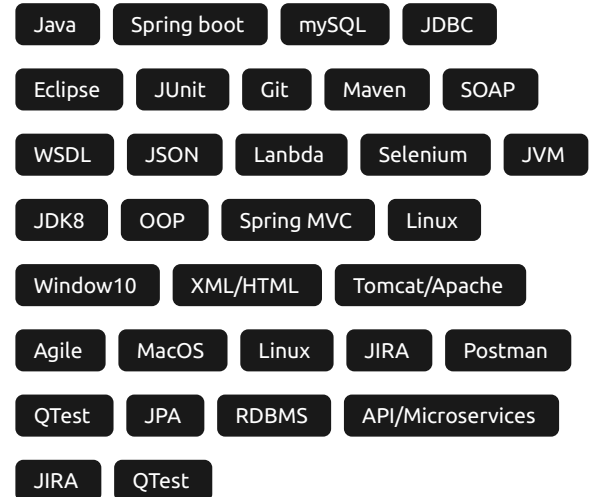

EDUCATION

Bachelor of Science in Computer Engineering
University Of South Carolina
08/2009 - 12/2013   *Columbia, SC*

TECHNICAL SKILLS

Java   Spring boot   mySQL   JDBC
Eclipse   JUnit   Git   Maven   SOAP
WSDL   JSON   Lanbda   Selenium   JVM
JDK8   OOP   Spring MVC   Linux
Window10   XML/HTML   Tomcat/Apache
Agile   MacOS   Linux   JIRA   Postman
QTest   JPA   RDBMS   API/Microservices
JIRA   QTest

ACHIEVEMENTS

Promoted multiple times

LANGUAGES

English
Native or Bilingual Proficiency

Spanish
Elementary Proficiency

INTERESTS

Full Stack Development   Problem Solving
Sports   Artificial Intelligence
Machine Learning
